

# Christmas Market Visit

## Bamberg

Long nights and shorter, colder days: if you want to get the best out of a German tradition and get the Christmas spirit, then come with us and visit Bamberg's Christmas market.

*During the Christmas season, the marketplace at Maximiliansplatz in Bamberg's pedestrian zone is filled with pre-Christmas magic. In the heart of the Old Town with its illuminated and decorated shops and streets, the irresistible aroma of grilled bratwurst, roasted almonds, mulled wine and lebkuchen fills the air. Toys and baubles hang from the market stands, selling Christmas fare, hand-crafted gifts, decorations and much more. At the end of the market lanes, the large nativity scene dominates the square, comprising a Franconian half-timbered house which depicts different scenes as the weeks progress.*
