

To ensure the safety and wellbeing of all GISST student athletes, FIS as GISST member school will be asked to submit data for tournaments including: date of birth, name, parent contact number and relevant medical / dietary / allergy information.

This data is collected to ensure that tournament guidelines are adhered to and that students remain safe during their time with host families. This information will be shared sensitively with only the appropriate staff members or parents during the tournament. This information will be removed in both paper and electronic format within 4 weeks of the tournament.

This information will be protected in accordance with the 2018 EU General Data Protection Regulation (GDPR). All member schools have signed an agreement for data to be used and shared appropriately within the new regulations.

In accordance with FIS Athletic Agreement and GISST regulations, no student athlete is allowed to participate in a GISST Tournament without signing this agreement form.
