Prescription medications? If yes, please indicate	YES / NO
Dietary restrictions? If yes, please indicate	YES / NO
Date of last tetanus shot	

Important Information when Travelling to Sporting Events

Students must have sufficient health insurance. Students are covered by the FIS insurance during travel and participation in FIS sponsored sporting events. However, if a student athlete becomes ill during the trip, a current insurance card is required. The student will need to have their insurance card or a copy with them when they travel. If the student is insured by a non-German insurer, a photocopy of the insurance card is needed along with any instructions as to what the insurer requires if he/she needs medical attention while on the trip.
